

FACT SHEET

City College of San Francisco: A Place of Access and Opportunity

Open to high school graduates and all applicants eighteen years and above, with an average student age of 33, City College embraces every ethnic population and neighborhood of San Francisco (see chart and caption below). Twelve campuses and 100 community locations from Fort Mason to Ingleside offer classes to more than 100,000 students every year: one in every seven San Franciscans! One of the country's leading community colleges, with per credit cost of just \$20.00, City College offers the best return on investment of any educational institution in California.

Quick Facts about City College of San Francisco (CCSF)
